Notice

The conclusion of this certificate assesses a risk of applying Council Regulations (EU) No. 269/2014, No. 208/2014, and No. 833/2014 in relation to legal entities and natural persons, particularly the risk of connections to sanctioned individuals and control from the Russian Federation.

The assessment is based on a combination of data from public and non-public registers with supplementary calculations bythe service provider (e.g., identification of common Russian names of executives or searching for inaccurate matches with names of sanctionedindividuals).

Its conclusion with respect to other regulations should be handled with caution. Due to the nature of source registries,the provider cannot guarantee the 100 % accuracy of the stated conclusion. The certificate however serves as a proof ofappropriate effort to investigate stated risks. Given the development of ownership structures and sanction lists,this conclusion is only valid as of the date of screening.
